Minister's Message	1
Executive Summary	2
Indicator Summaries	3
About this Report	7

Part One Sustainable Forests: Assessing our Progress 9

Environment Indicators:

Indicator 1	Area of Forest, by Type and Age Class, and Wetlands in Each Ecozone	15
Indicator 2	Area of Forest, by Type and Age Class, and Wetlands in Protected Areas in Each Ecozone	26
Indicator 3	The Status of Forest-associated Species at Risk	35
Indicator 4	Forest Bird Trends	39
Indicator 5	Genetic Conservation for Native Commercial Tree Species	44
Indicator 6	Additions and Deletions of Forest Area, by Type	48
Indicator 7	Forest Area Disturbed by Wildfire, Forest Pests and Timber Harvest	50
Indicator 8	Proportion of Timber Harvest Area Successfully Regenerated	60
Indicator 9	Soil Disturbance Monitoring Trends	64
Indicator 10	Aquatic Habitat Change	70
Indicator 11	Watershed Health Within the Provincial Forest	72
Indicator 12	Net Change in Forest Ecosystem Carbon	80

Economic Indicators

Indicator 13	Contribution of Timber Products to the Gross Domestic Product	85
Indicator 14	Contribution of Non-timber Forest Products and Non-timber Forest-based Services to the Provincial Economy	89
Indicator 15	Forest Industry Sector Employment Trends	99
Indicator 16	Maximizing the Distribution of Benefits with Licence Allocation	102
Indicator 17	Annual Harvest of Timber Relative to the Sustainable Harvest Level	107

Social Indicators

Indicator 18	Extent of Consultation with Aboriginal People Regarding Forest Management Planning and Policies	111
Indicator 19	Trends in Aboriginal Forestry Partnership	115
Indicator 20	Aboriginal Traditional Land-use Knowledge	118
Indicator 21	Participation in Public Involvement Processes Associated with Forest Management	120
Indicator 22	Rate of Compliance with Forest Management Laws and Regulations	127
Indicator 23	Investment in Forest Research and Education, and Timber Products Industry Research and Development	134

Part Two Forestry Activity Statistics 1999/2000-2007/2008 141

Timber Allocation Statistics	141
Map of Saskatchewan Crown Forest Areas	143
Commercial Forest Zone Detailed Harvesting and Silviculture Statistics	144
Ministry of Environment Forest Renewal Program Activities	156
Area-Based Term Supply Licence Harvesting Statistics Summary	158
Third Party Harvesting Statistics Summary	159
Volume of Round Wood Exports	161
Timber Processing Related Statistics	162
Regeneration Assessment	163
Provincial Forests Natural Disturbance Statistics	164
Map of the Provincial Fire Management Strategies	165
Grazing and Hay Production in the Provincial Forests	166
Provincial Government Forest Management Activities	167
Forestry Standards Development Statistics	168
Provincial Forests Commercial and Non-Commercial Area Breakdown	168
Large and Medium Timber Processing Mills in the Province	169
